

A bulletin from the Bureau of Advertising, American Newspaper Publishers association, reminds me that beginning October 1 the motion picture industry will celebrate the 50th anniversary of the movie theater.

Therefore it is correct to conclude the movies are now so old that the majority of this generation attended them as children.

The motion picture theater faces the double hazard of being both entertainment and a mechanical art which is supposed to be highly vulnerable to new and competing discoveries. How's the average movie house doing these days?

It's doing all right. There are more picture houses in America today than ever before—23,120. And my bulletin tells me, "Recent surveys conducted by the industry show that these theaters are now doing a business 7 per cent in excess of their business last year. They are patronized by nearly 60 million people each week, or more than the number that went to the polls in the last presidential election. American movie theaters represent an estimated investment of 2 3/4 billion dollars and employ close to 300,000 persons."

When radio came along a quarter century ago it was going to put out of business the then quarter-century-old picture industry and the far older newspaper business. Both survived, however.

There was a sharp drop in movie attendance a couple of years ago, and the heralds of doom promptly said it was the effect of television, which new invention was going to eliminate the movies, radio, and press. But not that you could notice—certainly.

Easy, war-borne money disappeared after 1945, but once they reached solid ground the movie theaters began picking up again. And now, on their 50th anniversary, they are headed for new heights.

It merely illustrates the economic fact that few inventions destroy anything that has gone before. They merely expand the already-unparalleled service given the people of the 20th century. And as an entertainment form the venerable motion picture industry still stands at the absolute top of the list.

Methodists Plan A School of Observation

There will be an Observation School at Hope Methodist Church from September 2 through September 7.

The first session for adults will be held Sunday afternoon at 2:30 when parents and church school teachers will be registered by Mrs. John Rushing, District Director of Children's Work, then a brief devotional by Rev. Virgil Keeley, and introduction of instructors by Mrs. W. Floyd Bates, Conference Director of Children's Work.

The workers will then go to their respective departments for discussion groups and arrangement of rooms preparatory to the first session with the children.

This children's session will open Monday morning at 9 o'clock when a limited number of Hope Methodist children will enter the "model school" with trained instructors directing the work and play.

Parents and church school teachers from this area will observe the work, and remain for a second hour of planning and study.

After Sunday the following schedule will be observed Monday through Friday, 9 o'clock a.m. children meet in their respective age groups, parents and teachers observing, 10 o'clock parents and teachers plan and discuss the work being done with the children.

Because only a limited number of children will be accepted parents are asked to register their children early. Those eligible are Three-Year Nursery through Fifth Year Junior.

Another Story About Snakes

A snake story leads to another and Bobbie Downs of near Hope found a couple between Guernsey and Sheppard that tops any so far reported.

One was 4 feet and had 10 rat-tailers and the other was six feet long but he was unable to count the rattlers as they had been smashed.

H. B. Marcum Now at Archer Motor Co.

H. B. Marcum, well-known Hope mechanic, is now connected with the Archer Motor Company on East Third Street, it was announced today by E. L. Archer, Jr.

Group Studies New Taxes on Important Items

Washington, Aug. 30 —(AP)—Proposed sharp increases in the taxes on liquor, cigarettes, automobiles and other common American purchases came up for decision in the senate finance committee today.

The house voted excise tax increases totaling \$125,000,000, as part of its \$720,000,000 tax boost. So far the senate unit has whittled about \$150,000,000 off the house total, principally from individual and corporate income taxes. If the senators decide to try to recoup any of this the excise field offers the last big chance.

The house went less than half way toward meeting the administration's recommendation for a \$3,000,000,000 increase in excises (sales taxes).

Under the house bill the tax on whiskey and other hard liquor would rise from \$9 a 100-proof gallon to \$10.50 on beer from \$8 a barrel to \$9 on cigarettes from seven cents a pack to eight on gasoline from 1 1/2 to 2 cents a gallon on automobiles from 7 percent of the manufacturers' price to 10 percent.

The taxes on wines would be increased, and additional household appliances would come under a 10 percent manufacturers levy.

Beyond this, the house reckoned on taking in \$400,000,000 a year from a new 10 per cent tax on the gross take of bookmakers and "numbers" operators.

After its cuts in individual and corporation income taxes the finance committee yesterday voted for \$150,000,000 more revenue to be derived from taxing mutual savings banks, building and loan associations and some now-exempt co-operatives.

Staff experts said the changes would bring in \$63,000,000 a year from some 600 mutual savings banks and \$65,000,000 from 5900 building and loan associations, both of which are untaxed at present and \$15,000,000 to \$20,000,000 from "thrifts" of now untaxed co-operatives.

In each case, regular corporation rates would be applied, with certain deductions permitted.

The committee's decision on co-operatives hits the biggest mutual organizations hardest, and in general leaves most small rural co-ops exempt from federal taxes.

Secretary of Agriculture Brannan criticized the move to tax any farm co-ops. In a statement, he said the action would reverse a government policy of 30 years standing.

"The government would now begin to penalize farmers' co-operatives which are successful and have enjoyed normal growth," Brannan said. "Establishment of new co-operatives would be, for all practical purposes, prevented."

In an advanced age of whaling, between 1833 and 1863, America had as many as 875 ships on the seas seeking the great ocean mammal.

HOLLYWOOD SPOTLIGHT — Shortly after appearing on a TV show titled "I Want to Get Married," Robin O'Hara (L) was married to Lt. William Loud who saw her on the show and managed to get himself introduced to her. Moral: It pays to advertise. Robert Walker (R), who once said he turned to liquor because he had been "unwanted and unloved" since he was born, died in Hollywood shortly after doctors gave him sedatives to quiet his emotional state. (NEA Telephoto)

Funeral Home Asks Damage From Estate of J. W. White, Killed in Highway Accident

Little Rock — A suit asking \$1,200 damages was filed by a Little Rock funeral home Tuesday in Pulaski Circuit Court against the estate of a Hope man who was killed in a pedestrian-ambulance accident near Hope, August 19.

Filed by Healey & Roth, Inc., the complaint asks \$200 damages to an ambulance and \$1,000 judgment for "contusions, great mental shock and fright" alleged to have been suffered by Robert C. Priebe, Little Rock, driver of the ambulance. Priebe is co-plaintiff in the suit.

Named as defendant is Mrs. Cloie Estelle White, Hope, administrator of the estate of J. W. White, 41, who was fatally injured when he stepped from behind a car on Highway 67. Priebe was charged with negligent homicide when White died.

According to the complaint, White was negligent in "jumping backwards" into the ambulance while Priebe was trying to avoid him. Other acts of negligence cited included:

Crossing a public highway with out keeping a lookout for oncoming traffic, walking from behind a vehicle, walking with head down and failure to yield the right of way to the plaintiff.

In Hope Municipal Court here Monday Priebe waived preliminary examination on charge of negligent homicide and was held for grand jury action with bond fixed at \$1,000.

In Hope Municipal Court here Monday Priebe waived preliminary examination on charge of negligent homicide and was held for grand jury action with bond fixed at \$1,000.

Peil Coker of Arkadelphia has moved from Arkadelphia to Hope where he has assumed management of the Hope Steam Laundry. He and Mrs. Coker are residing at 603 West 4th street.

Laundry Here Has New Manager

Peil Coker of Arkadelphia has moved from Arkadelphia to Hope where he has assumed management of the Hope Steam Laundry. He and Mrs. Coker are residing at 603 West 4th street.

ever. It's days of real retreat are over. It now has the reserve fire power to singe China's hordes as though they were so many mindless grasshoppers.

The depth of military stalemate therefore has been increased. And the situation cries more clearly every day for a diplomatic solution. Red China's problem—and she knows it—is to pick the broken pieces of her false dragon face off the floor and try to put them back on straight. She knows the rest of the world will not let her, but there isn't much else she can do, important as saving "face" is in her part of the world.

The toll has given South Korea time to train more troops and do something to help her millions of displaced refugees. And the average Korean farmer, looking at his greening paddies, can't help but pray to his household gods that the unofficial truce will go on for another two months or so. That'll give him time to harvest his rice, the crop his life depends on.

This strange half armistice also has been a lifesaver for scores of thousands of weary American veterans who took the brunt of heavy fighting from the start. It has given the army a chance to rotate them home and replace them with new troops. And for that reason alone many homes today hold a tremulous gladness.

Only a year ago it was still rattle and tuck whether the stars and stripes and the blue-and-white flag of the United Nations could stay in Korea.

No one who was there then can help but feel today the hope of a settlement of the Korean issue is nearer. The longer the talking goes on, the surer it is there won't be any more major battles.

Conversation is often boring, but it is rarely fatal. And the more any body talks about fighting the less reason he sees for it.

Schedule For School Opening Again Announced

The opening schedule for Hope Jr. and Sr. high school will be as follows: And students will go to school only on days designated.

Wednesday, Sept. 5, the 7th and 8th grades will register. Fulton students will not meet that day.

Thursday, Sept. 6, the 7th, 8th and 9th grades will meet including Fulton students of these grades. The 9th grade will register and the three classes will go through a short period schedule.

Monday, Sept. 10, the 10th, 11th, and 12th grades will register.

Tuesday and Wednesday, Sept. 11th and 12th, all grades in Jr. and Sr. High school will go through one-half day schedule.

Thursday, Sept. 13, Full day schedule will start and the cafeteria will open.

Buses will run regular half (4) day schedules Sept. 5, 6, 10, 11, and 12th.

Oatis Case Will Never Close-Truman

Washington, Aug. 30 — (AP)—President Truman said today the Oatis case will never be closed until the Associated Press correspondent gets out of all in Czechoslovakia.

The president made this comment at a news conference when told that the new Czech ambassador, Vladimir Prochazka, had described the case of William Oatis as "a closed incident" from "the juridical point of view."

Mr. Truman said he didn't think the Oatis case would ever be closed — at least in this country — until Oatis got out of all.

The ambassador's remarks also got sharp reaction in congress. Senator Jenner (R-Ind) said Prochazka was "defying" the United States. He demanded that the government take "all proper steps" to effect the release of Oatis.

Oatis, Associated Press correspondent in Prague, was convicted by a Czech court on espionage charges and sentenced to five to ten years in prison. The U. S. government has called the charges "barbarous" and said the trial was a farce.

Jenner said that Prochazka's evident refusal to discuss the case freely with officials here amounted to defiance of the U. S. government.

Senator Benton (D-Conn.) in a separate interview, called the Czech trial "a very unhappy and tragic impasse."

After a 30-minute conference with Secretary of State Acheson yesterday, Prochazka told reporters "the case is closed." The Czech embassy later phoned the Associated Press to say the ambassador said "from a juridical point of view the case is closed."

Reporters heard him make no such qualification, but the acknowledged he might have done so. Some 50 reporters, photographers and news-reel men were milling around.

Co-op Group Seeks Apology From Moses

Ozark, Aug. 30 —(AP)—Directors of the Arkansas electric co-operative corporation feel that C. Hamilton Moses owes them an apology.

In a resolution adopted here yesterday, directors of the co-op assailed Moses, president of the Arkansas Power and Light Co., for "impugning the honest and attacking the motives" of the AECC directors.

The directors objected to a paragraph in a written report which they said Moses made to stockholders of A. P. & L. They charged that the executive said:

"A few bureaucratic planners with a few individuals who stand to make a personal profit have worked out a scheme to attain by indirect action an objective that congress flatly refused to authorize. They caused the three rural co-ops to get together and form a super or master co-op."

The resolution said the directors took action only because they felt that silence on their part might "lend credence to these unfounded charges."

Moses refused to comment on the resolution.

The dispute is an outgrowth of AECC's plans to construct a huge steam-generating plant at Ozark and string 544 miles of transmission lines in northwest Arkansas.

The project has been approved by the Arkansas public service commission over the protests of four private utilities and a labor union.

Moses and A. P. and L. were leaders in the fight against the project.

Attorneys for the private firms have asked the PSC for a new hearing, a preliminary maneuver toward appealing to the courts.

NAMES IN THE NEWS — Iowa Democratic Committee charged that performances such as that of dancer Evelyn West (L) in the girls shows at the State Fair, Des Moines, are demoralizing youngsters attending the fair and do not typify Iowa's agricultural achievements. Mrs. Ethel Taylor, 25-year-old socialist, sits in Meheola, N. Y. court house with detective after her arrest on stealing \$10,000 in gems from Mrs. Margaret Welch former school chum. Police were mystified as to the reason, since the gems were not put up for sale until 11 days ago, after throwing away nine of the pieces, and still has not cashed the check she got for them. (NEA Telephoto)

Planes Knock Out 270 Red Convoy Trucks

U. S. 8th Army Headquarters, Korea, Aug. 30 —(AP)— Allied warplanes knocked out 270 Red trucks last night and early today in the continuing fight to disrupt Communist convoys rushing munitions and supplies to the muddy Korean battlefronts.

On the ground United Nations troops backed out limited gains along the eastern front yesterday, general headquarters reported. Red counterattacks were smashed back.

The navy announced its warships, using "sniper like tactics," helped "embattled ROK (Republic of Korea) troops fighting to consolidate their positions" on the East coast by shelling Red concentrations.

Gins of two British frigates cleared Reds out of a West coast village south of Kyesong, site of no widespread truce talks.

Warplanes flew 800 sorties Wednesday and followed up with 60 raids through the night.

Philos reported spotting 1,300 Red trucks, including one convoy running boldly with its lights turned on.

The Fifth air force said the volume of Red traffic had dropped sharply in recent nights because of flooding rivers and persistent attacks by night flying B-26 bombers.

"We didn't see a single vehicle in North Korea for a couple of hours," said Lt. Richard A. Brown of Bojolt, Wis. "You can imagine our surprise when a convoy of 75 vehicles showed up south of Songchon with its lights blazing."

"We flew over them and dropped 500 pounders and then strafed. They cut their lights immediately, but we left several fires and explosions."

Two Grass Fires Are Extinguished

Firemen are beginning to have trouble with grass fires and issued a caution to trash burners today.

One grass fire was put out late yesterday at the "Y" on No. 4 Highway and another was extinguished this morning at the Springer home in the same area.

Notice to Star Subscribers

Carrier Subscription Price to Be 25c Per Week Beginning Monday, Sept. 3

Effective Monday, September 3, the carrier-delivered price of Hope Star will advance from 20 to 25 cents per week.

Monthly subscription prices in the city and on suburban delivery routes will be discontinued, making the rate 25 cents per week flat. One cent of the five-cent increase will go to the carriers.

Yearly subscriptions now on The Star's books will be honored until expiration, thereafter reverting to the carrier collection system. On special request the office will handle paid-in-advance yearlies, but the rate will be 25 cents a week flat, or \$13. Billings for this August, already in the hands of subscribers, will be honored as billed only if paid before the close of business Friday, August 31.

Hope Post Office box subscriptions will be discontinued as soon as they expire. Those living just outside the city carrier system may subscribe at 25 cents per week and pick up their copies at The Star office.

Mail rates outside the Hope retail trading zone will be: One month \$1.00, year \$13.

Local RFD mail rates stand unchanged.

Before the war the basic carrier-delivered rate for six-day newspapers all over America was 15 cents a week. The Star was compelled by rising production costs to increase this to 20 cents in 1946 — and today's announcement marks only the second increase in all these years.

In digesting today's announcement of the 25c rate Star subscribers should consider what's happening elsewhere. The United Daily Press association covering the whole Middle West reports that only a year ago 65 per cent of its six-day newspapers charged 25 cents a week but today 47 per cent are charging 30 cents a week. A newspaper's chief supplier are drawn from wood products (newsprint) and metal. Newsprint has been selling for \$14 a ton when the average is today \$18 and \$18 a ton on mill contract and for newsprinters unfortunate enough to overpay their mill supply the spot market delivered price is close to \$20 a ton. The story of metal is even worse. Type metal that cost 7 cents a pound some years before the war now sells above 25 cents.

Chinese Charge U. S. Planes With Daily Violations

By DON HUTH

Tokyo, Aug. 30 —(AP)—Red China's official Peiping radio charged today American planes violate the Kaesong neutrality area in Korea nearly every day.

The charge was injected into a series of broadcasts accusing Gen. Matthew B. Ridgway of lying, slandering and distortion.

The latest asserted violation was early Wednesday. The badly garbled broadcast heart in Tokyo said an American bomber dropped a flare over the site of the now suspended Korean war truce talks.

The radio said it happened at the most the same time Ridgway flatly refused to reopen an investigation of Red charges that an Atlas plane bombed Kaesong Aug. 22.

Peiping called it an attempt "to cover up the flagrant lies that it handed the world."

"The broadcast made no mention of the U. N. commander's office requiring truce negotiations any time the Communists are willing to do so. He made the offer in the early note that refused to reopen investigation of the asserted bombing."

Top Red commandos, to whom the message was addressed, did not reply. There was no indication when they would.

In its sweeping accusation, the Peiping radio said as many as 40 American planes had flown over the Kaesong neutral zone in a single day. The neutral area extends for a five mile radius around Kaesong.

"American aircraft," the broadcast asserted, "have incessantly, illegally and constantly flown into the sky over the neutral zone."

The radio devoted most of its attention to attacking Ridgway. The Communist attitude toward to support a theory the Reds want to delay a decision on Korea until after the Japanese peace treaty conference in San Francisco.

Peiping's broadcasts dampened a cautious optimism expressed in press releases from General Ridgway's headquarters.

The charges suggested the U. N. proposal to reinvestigate the song bombing charge "the solution some hope for resumption of truce talks. Communists broke off negotiations Aug. 23, a few hours after they said a 'U. N.' plane bombed Kaesong."

The Red broadcasts said Ridgway's latest note on the incident "again distorted facts" and "was full of contradictions because it is lying."

It particularly assailed his statement that a great liaison officer requested for a daylight investigation.

"On the one hand he slandered our side as refusing to conduct 'daylight' investigation," the radio said, "and on the other stubbornly refuses our request for a reinvestigation."

The broadcast then asked: "Why is Ridgway so afraid of investigation, like a criminal afraid of his final trial? Ridgway's liaison officer has said that investigation in the dark of night could not be held. Why then does Ridgway insist on relying on unreliable investigation, and yet refuse to make further reliable investigation?"

Ridgway's headquarters has observed that the lapse of time between the original investigation around midnight Aug. 22 and the investigation Tuesday to make a final decision showed the Communist plan of time to manufacture new evidence.

The U. N. command said original evidence did not indicate Kaesong was bombed.

The Communist broadcast went into a lengthy denial of Ridgway's statement that the Communists refused to permit a daylight investigation of their evidence.

It documented this with a statement attributed to Col. Chuan-shan, Communist liaison officer who went to the Kaesong area after the U. N. command requested it. Col. Chuan-shan, Col. A. J. Kimes and Col. J. C. Murray.

Blevins School System to Open September 24

Lack of Rain Hurts Crops in This Area

Little Rock, Aug. 30 — Parts of south Arkansas are beginning to suffer from lack of rain, particularly in Little River, Howard, Sevier and Union counties. It was revealed in the county agents' weekly crop reports released today by the Agricultural Extension Service.

Cotton prospects for Arkansas in general seem to be good, except in some southern areas where dry weather has retarded growth and cut yields.

John I. Coley, county agent in Little River county, reported that cotton yields in some fields there would be reduced as much as 50 per cent as a result of the drought. Limited picking got underway there this week, he said. Coley predicts an acute labor shortage will develop when picking gets in full swing.

Sevier county has gotten little benefit from scattered showers the past week, according to County Agent Victor Ivy. Some areas did get enough rain to give crops retarded growth, Ivy stated. Harvest of early corn should start this week with good yields in prospect, he said. Insects are causing some loss to livestock, according to Ivy's report. Some farmers have been forced to haul water to their livestock.

In Union county, hay is 90 per cent harvested. Late corn has been damaged by budworm and fall armyworms. County Agent John M. Cravens remarked. Weevils and bollworms are being controlled. Cravens stated.

Soil moisture was reported to be adequate for crop growth in all but two communities in Dallas county, by M. P. Hendren, county agent. He said that 200 families were needed there for cotton picking.

Man Snatched From Electric Chair

Huntsville, Tex., Aug. 30 — (AP) — A convicted murderer was snatched from death in the electric chair last night — only a hour before he was to have been executed.

A series of dramatic actions — started when a San Antonio judge issued a writ of habeas corpus — paid off for Albert Edwards, at 11:12 p.m. with an order from Gov. Allan Shivers granting a 30-day stay of execution.

Prison officials said the events were unprecedented.

Judge P. C. Sanders signed the writ and in effect ordered the prison manager to turn over Edwards to Texas county deputies so he could be brought into court for a hearing. Edwards' attorney claims the prisoner was not represented properly at a clemency hearing.

As the deputies sped toward Huntsville, prison officials were unaware of the action.

Informed of the judge's order by an Associated Press correspondent, Don Reid, they started to check.

Members of the state board of pardons and paroles at Austin were informed. The governor was then contacted and he issued the stay of execution.

Edwards was sentenced to death in the fatal shooting of Paul Walker in Houston May 26, 1949. Walker was shot after the automobile in which he and Edwards' estranged wife were riding had stopped.

Freedom Crusade Gets Underway

Little Rock, Aug. 30 — (AP) — "This is the hour for each citizen to assert himself in the preservation of the American way of life," a business executive told 50 officials of the Crusade for Freedom fundraising drive last night.

C. Hamilton Moss, president of the Arkansas Power and Light co., said in a banquet address that the people "are shocked that conditions are such that this type of crusade is necessary."

Governor McMath, chairman of the 1951 drive in Arkansas, was master of ceremonies.

The state's goal is \$10,000. The money is to be used to finance anti-Communist broadcasts from Western Germany.

Flood Control Group Meets

Marion, Aug. 29 — (AP) — Representatives from seven East Arkansas counties met here yesterday for budget talks on the proposed \$51,100,000 St. Francis river basin project.

A contract between the St. Francis levee district, as sponsoring agency, and the U. S. engineers is expected to be signed next week, said W. G. Huxtable chief engineer of the district.

The vast drainage project, which would affect all east Arkansas, has been granted.

Monday, September 3

Mrs. Leonard Ellis, Mrs. Franklin Hinton, and Mrs. Jewel Moore, Jr. will entertain with a party for Miss Clarice Brown, bride-elect from 4 to 6 p.m. in the home of Mrs. Ellis.

Friends Gather for Funeral of Walker

Hollywood, Aug. 30 —(AP)—Robert Walker's closest friends, shocked by his tragic death at the peak of his fine comeback in the movies, were gathering today to pay final tribute.

Mr. and Mrs. Horace H. Walker, parents of the 32-year-old actor, were arranging for the funeral service. They flew here yesterday from their home in Ogden, Utah.

Walker's former wife, Actress Jennifer Jones, planned from New York with her husband, Movie Producer David O. Selznick.

Final rites for the young actor will be held Saturday afternoon at Forest Lawn Memorial park, in nearby Glendale.

Two psychiatrists, Dr. Frederick J. Hacker and Dr. Sidney H. Silver, signed the death certificate. Walker died Tuesday night because of a respiratory failure after he had been given an injection of seven and one-half grains of sodium amytal. The sedative was given, they said, because he was in a highly emotional state. Walker had been a patient at the Hacker psychiatric clinic for the last 18 months.

The coroner said there would be no investigation of the death.

Miss Jones, who divorced Walker in 1948, declined comment. She and Selznick were about to leave for Italy to attend the Venice film festival when she was advised of Walker's death. She went at once to her two children, by Walker, Robert, 11, and Michael, 10, who had been spending the summer vacation with their father.

Leo McCarey, who directed Walker's last picture, praised him as "a fine gentleman and a great actor." He said he worked last Saturday with him and that Walker showed great zest. "I had just run the cut picture for him, and, although a modest fellow, he fairly beamed at the results," said McCarey.

Coming and Going

Cpl. Harley Sisson son of Mr. and Mrs. Wilburn Sisson of Hope, Rt. 2 left Sunday for California after a two weeks furlough with his parents.

Mrs. H. J. Garrett has returned from a ten day vacation in Hot Springs and Little Rock.

Mr. and Mrs. Ira Yocom and daughter, Debby of Austin, Texas, are visiting friends and relatives here and will attend the Ward-McDowell wedding.

Mr. and Mrs. Hugo Elkins and daughters Kay and Linda Sue of Detroit, Michigan are visiting friends and relatives. They will be accompanied home by their son, Jimmy Lloyd.

Cpl. Thomas H. Clark, son of Mr. and Mrs. T. J. Clark of Spring Hill left last night for Springfield, Mass.

After spending several days here with R. P. Hogue Mr. and Mrs. James Hogue and daughter, Julie have returned to their home in Dallas, Texas.

Mrs. L. A. Foster has returned home after a 5 weeks vacation in Montreat, North Carolina. On the return home she visited Mr. and Mrs. Foy Hammons Jr. and son Foy III in Florence, Ala.

Mrs. Anna Judson has returned for a three weeks visit in Magnolia and Emerson, Arkansas, Haynesville and Springfield, La.

Council Expects 300 Deaths

Chicago, Aug. 30 —(AP)—The Labor day weekend, this summer's on three-day holiday, may produce 300 traffic deaths, the national safety council estimated today.

Labor day is second only to Christmas as the most dangerous holiday for motorists, council records show.

"We hope our estimate is way too high," Ned H. Dearborn, council president, said. "But with nearly 40,000,000 vehicles on the move during the summer's last holiday, plus the back-to-school rush from vacation spots, a 300 toll — or more — is likely unless everyone drives and walks sensibly."

The estimate covers immediate deaths only and is for the period from 6 p. m. Friday to midnight Monday.

Second Violent Death in State

By The Associated Press

Arkansas' second violent death this week was reported near Canaway Wednesday.

Albert L. Arman, 30-year-old Brookland, Ark., farmer, drowned after he stepped into a deep hole while fishing in the Buffalo drainage ditch.

The other known fatality this week was caused by a farm accident in Faulkner county Monday.

THE SALVATION ARMY

Seeks New Low in Arkansas Schools

Little Rock, Aug. 29 — (AP) — Arkansas' assistant commissioner of education thinks public schooling in this state will dip to a new low during the next two years.

Archibald Ford, assistant education commissioner, predicted that Arkansas would go to the bottom of the nation's public school financial ladder during 1951-52.

Ford spoke at the opening business session on the 33rd annual convention of Arkansas vocational instructors.

He said public schools on expense less money this year than they received last year when several schools closed their doors early because of a shortage of funds.

"The school system of Mississippi, currently is ranked 48th in the nation and Arkansas is 47th," said Ford, adding "those figures will be changed this year. We'll be absolutely last."

Personal Mention

Mr. and Mrs. J. O. Hunter of Richmond, Calif., and Cecil Jones of Los Angeles, Calif., are guests of Mr. and Mrs. Otis Watson.

Mrs. Carrie McGee and daughter, Geneva, Mrs. Effie G. George and niece, Wendolyn Bowler, of

Israel's Army Believed Important

Washington Aug. 29 — (AP) — Senators T. Aft (Ohio and Douglas (Ill.) believe Israel's little army could be a powerful role in defending the strategic Middle East against any Russian attack.

They gave that opinion to the Lincoln, Nob., Bobbie Jean and James Robinson, motored to Emerson, Ark., Sunday for an annual homecoming event.

The name of Louis Hicks which appeared in the court docket of Aug. 28, is not the Louise Hicks, who resides on South Hazel Street.

senate foreign relations and armaments committees recently increasing aid for Israel and its neighboring Arab states. The testimony was made public today.

Douglas said the Jews have developed, to everyone's surprise, a tremendously effective army more than 20,000 in Israel.

Taft cited African air bases of the uranium mines of the Belgian Congo, two vital points which Israeli army could help the U. S. defend from Russian attack. Uranium is the principal source of atomic energy.

The city of Grasse in southern France is dotted with scent-traction factories and is sometimes called the "Detroit of Perfume."

The Associated Press
Today A Year Ago—The New
York Yankees swept a doublehead-
er from the Cleveland Indians 43
and 30, to move into first place
in the American League.
Five Years Ago — Tony Pellone
outpointed Billy Graham in a ten
round bout at Madison Square Gar-
den.
Ten Years Ago — Lon Warneke
pitched a nifty game as the St.
Louis Cards beat the Cincinnati
Reds, 20.

Playoff Series to Be Resumed Here Tonight

Reader Huddleston will start on
the mound for the Hope Legion-
naires tonight when play is re-
sumed with Mineral Springs in the
Southwest Arkansas loop playoffs
at Fair park at 8 o'clock.

Going into the playoffs the local
team suddenly found itself with
only two starting hurlers — Hud-
dleston and Denzil Ross. Two
others, Gilson Ross and Edsall Nix,
are not available.

It was announced by Sonny Nutt
of the Mineral Springs nine that
Louis Carpenter would play with
the team tonight and probably
would pitch.

Tonight's contest, the third in a
series in which each team has one
victory, is appreciation night and
no passes will be honored.

The first team to win three
games will cop the title.

LEGAL NOTICE
The annual school election will be
held by the qualified electors of
the Spring Hill School District No.
10 on Tuesday, September 25, be-
tween the hours of 8:00 a. m. and
6:30 p. m. The electors will vote
a millage to be levied for debt
service and general fund for the
operation of the schools of said
District. The school board is pro-
posing a levy of 27 mills, 7 of
which is to retire existing bonded
indebtedness and 20 for mainte-
nance and operation.

The polling places in District No.
10 will be the same as heretofore
designated.

There is to be one director elect-
ed for a period of five years.
Signed: R. A. Soater, Secretary
of School Board.

Natchez Goes Closer to Playoff

By United Press

Fourth place Natchez moved
closer to berth in the Cotton
States league Shaughnessy play-
offs today as Greenwood and Pine
Bluff battled for second place, with
only two games left before the
curtain call.

El Dorado lost ground in its bid
to overhaul Natchez by losing 8 to
7 to last place Greenville. The de-
feat dropped fifth place El Dorado
1 1/2 games behind Natchez, 8 to
1 winner over Monroe.

Greenwood and Pine Bluff were
all even behind pennant winning
Monroe. Greenwood defeated
Clarksdale 12 to 4 and Pine Bluff
stopped Hot Springs 6 to 3.
Greenville did all its damage in

the first two innings, rallying for
eight runs in the first two innings.
Natchez unleashed a 16 hit at-
tack in defeating Bill Muffett, voted
the league's most valuable player.

Greenwood made victory certain
against Clarksdale by scoring five
runs in the first inning.

Pine Bluff was out hit 8 to 4 but
managed to whip Hot Springs,
which scored its three runs in the
fourth. The Judges rallied for two
runs in each of the first, second
and seventh innings.

Muffett, in winning the disticlio
of most valuable player, topped a
poll of sports writers and man-
agers in the eight Cotton States
league cities. He has chalked up
22 wins.

Bill Jones, Natchez first baseman
won runnerup honors, with Fred
Boiko, Pine Bluff outfielder taking
third honors.

Tonight games: Monroe at Natch-
ez, Greenwood at Clarksdale, El
Dorado at Greenville, Pine Bluff
at Hot Springs.

Combination insecticides that kill the major pests of cotton in one application is the greatest single advance thus far in man's war against insects, state agricultural experts in North Carolina state.

Russians Don't Feel War Is Inevitable

Washington, Aug. 28 — (AP) — Gen. Alfred M. Gruenther has told senators he believes the Russians "do not necessarily feel that they have to go to war."

Gruenther, who is Gen. Dwight D. Eisenhower's chief of staff, added in his Aug. 1 statement: "But even if they do feel that they have to go to war, they have a most difficult decision to make right now, when they contemplate this industrial potential that we have over here."

His testimony before the senate

foreign relations and armed services committees, dealing with new foreign aid legislation, was released today.

In the same appearance, Gruenther told the senators Eisenhower has been telling the Europeans the time will come when American troops will have to be withdrawn from Europe.

He added in effect, however, that a timetable could not be fixed. He said Eisenhower "dislikes" a limitation on the size of troops. He would prefer a limitation on time.

The death rate in Denmark has dropped by nearly 40 per cent during the last 15 years.

Indian Is Buried in Arlington

Washington, Aug. 28 — (AP) — President Truman today ordered the burial in Arlington national cemetery of a Winnebago Indian killed in action in Korea whose interment was halted at Sioux City, Ia., because of his Indian blood.

Mr. Truman acted after reading a news story that burial of the body of Sgt. First Class John R. Rice 37, was halted just as it was about to be lowered into the grave.

The White House said the President directed the army to arrange for Rice's interment in Arlington national cemetery and to invite members of the sergeant's family here for the services.

At the same time Maj. Gen. Harry H. Vaughan, the President's army aide, telegraphed the mayor of Sioux City.

"Please advise the family of Sgt. John R. Rice that arrangements for burial in Arlington cemetery have been authorized."

"The President feels that the national appreciation of patriotic sacrifice should not be limited by race, color or creed."

The story which aroused the President quoted an army officer as saying the Winnebago Indian's burial was stopped by authorities of the Sioux City Memorial park cemetery because "only members of the Caucasian race" could be buried in the cemetery.

Rice was killed in action Sept. 6, 1950, while serving with the first cavalry division. He also was a veteran of World War II.

Dewey Says U. S. Should Draw a Line

New York, Aug. 30 — (AP) — Gov. Thomas E. Dewey, back from a tour of the Far East, says the United States should "draw a line" and let the Communists know what we will do if they cross it.

He says southeast Asia is "the natural target for the Communists' next drive."

"Our immediate and critical necessity," he says, "is to build a total policy for a free world of Asia."

The republican standard bearer contends that in order to maintain a free Asia the U. S. must "build a strong and firm policy with every ally we can get, to see that there are no more losses to the free world."

Dewey gave his views to newsmen as he arrived by plane last night after a two-month personal fact-finding tour of the Far East, Australia and Alaska.

The governor, who visited Korea, said "we invited the attack on Korea by announcing that it was not in our defense perimeter, and withdrawing our troops. We lost China to the free world."

"The United States has 'no policy as a whole in the Pacific,'" he added, "and America's allies are in 'violent disagreement' concerning issues in that area."

Asked if he noticed any hostility toward Americans in the countries he visited, Dewey said there was "considerable misunderstanding due to Communist propaganda."

Dewey, who was tanned and smiling as he arrived, was a principal speaker for today's session of the annual national encampment of the Veterans of Foreign Wars.

The governor told newsmen at the airport that United States policy in Asia "has to be a whole policy, or it will fail. It cannot deal with it in bits and pieces, as in the past."

Commenting on the breakdown of Korean truce talks, he said: "Personally, I think the Communists want a truce because they need it. They have taken a terrible beating." But, he added, "nobody knows what the Communists will do."

Gets 20 Years Pleads Guilty

McGehee, Aug. 30 — (AP) — A Negro pleaded guilty to a charge of second degree murder in Desha circuit court here yesterday, and was sentenced to 21 years in prison.

Charles Payne was charged with the fatal shooting of Opal Kubanks, Dumas white man, on Dec. 25, 1948. Payne was captured in Memphis last March.

HOPE AND PRESCOTT

Spa Bench Duel to Continue

Hot Springs, Aug. 29 —(AP)—Fred D. Johnson again is trying to push Lloyd C. Darnell off the Hot Springs Municipal court bench.

Johnson, a former Municipal judge, yesterday filed a motion in Circuit court for a new trial on his suit to unseat Judge Darnell, Johnson claims Darnell holds the office illegally.

Johnson based his new action on what he called new evidence that an act on the 1949 legislature, which permitted Darnell to seek the office before Johnson's term expired, was not in effect at the time of Johnson's election April 5, 1949.

The former judge, defeated at the polls by Darnell after serving little more than a year of his four-year term, contended that the book of official acts of the legislature was in error in showing that an emergency clause for act 307 of 1949 was adopted.

His motion was accompanied by a certification by the secretary of state that the vote on the emergency clause in the senate fell three votes short of the necessary 24.

Johnson further contended that Circuit Judge C. Floyd Huff Jr., apparently assumed that the emergency clause had passed in ruling that Darnell was the rightful holder of the office last April 14.

Act 307 changed the date of Municipal elections from April to November.

Darnell announced his candidacy for the post last fall on the ground that the act called for a new election. Johnson also ran — under protest — and was defeated.

Two Popular Foreign Aid Questions

By JAMES MARLOW

Washington, Aug. 29 —(AP)—The two still unsettled questions about this country's foreign aid, although they'll be settled soon, are: How much? And who'll run it?

The answer to the first question seems certain: The amount of money for foreign aid will be less than President Truman asked; as for the second question, this much seems certain: Secretary of State Acheson won't run it.

The feeling in congress has been so strong that both houses of congress already have made it clear they don't want Acheson to be the foreign aid boss.

Last May Mr. Truman asked congress for \$8,500,000,000 for foreign aid military and economic which would be spread around from Europe and Latin America to the Orient.

For the military part of it he

"Murder" in Quotes by Julius Long

THE deputy opened the door.

"I held my head down with Hal Hoover's hat pulled low over my forehead. The deputy, used to locking up the alimony delinquent and letting him go, even turned his back on me. I took his service 38 and gave him a shove into the office.

Sheriff Souder, sitting there, started to get up when he recognized me, but I stopped him with a show of the gun. I felt a cold chill when I turned to confront the other person in the room.

"Julie Bradford—what are you doing here?"

"I remembered seeing you in the Show Boat. I thought I might be able to give you an alibi."

The sheriff scoffed. "Plenty of people saw him there. Put down that gun, Jimmie! You're only proving your own guilt!"

I wondered if I would have squeezed the trigger if he had tried to stop me. I knew that he thought I would. Everybody, including the sheriff, thought me a killer. If he made a move toward me and I shot him, then I'd be one.

Inside the tank, Sheriff. And take your deputy with you!"

Souders and the deputy wasted no time. I slammed the bullpen door after them and turned the key. Julie Bradford said:

"Put down that gun, Jimmie."

I hid the revolver on the sheriff's desk.

"If you're on the level, Julie, I don't understand you. You're the one that got me into this jam originally."

"That's why I'm willing to help you now. My car's outside."

I looked her over. I had always pegged her as a cold and uninteresting blonde with enough Eastern college education to

make her patronize a business man like myself. But now I knew I had been wrong.

We left the jail, and I got under the wheel of her convertible.

"First I'm taking you home. Then I've got a little job to do."

"You're not taking me home. I'm in on this up to my ears, and I'm staying in! Besides, you get into trouble going alone."

She had something there. "I'm going to the Borman place on Orchard Island, where Earnie lives. I'm going to beat the truth out of him."

"But he didn't kill his brother. Earnie was in Cleveland."

"He could have sent his goon, Babe Tussig down for the job. Maybe he just had Tussig primed to hijack the money he was set to pay off someone. Could be that Tussig over-extended himself. At any rate, Earnie knows all the answers, and he's going to tell me all of them."

"Jimmie, I tell you that doesn't make any difference! You're freed for that. The thing to do is to get you out of this new mess."

"And you still want to ride along?"

"That's right. I'll do anything for you." She saw my quick look and hastily added: "Because I got you into it in the first place!"

WE reached Borman's in a matter of minutes. There was a light on in the living room. I had tried to talk Julie into going home, but now I said:

"If you're game, come along. I'll need you as a witness to what Earnie Borman has to say."

"Sure I'm game." I went around and held the convertible door for her. She slid her long, perfectly tapered legs out and in doing so brushed her handbag off onto the ground. I picked it up. It was too

heavy, even for a woman's handbag. I opened it and took out the man-sized automatic pistol. I handed back the bag and checked the chamber of the pistol. There was a cartridge there, all right.

"And you made me leave the deputy's gun at the sheriff's office!"

Her voice was steady enough. "I always keep that pistol around. I know how to use it, too."

"I'll bet you do." I kept the pistol in my hand as I took her elbow and walked with her to Earnie Borman's cottage. As we approached the door, she stopped.

"There's a picture window on the lake front side. Maybe we'd better take a look before we go in."

"Maybe we'd better."

I let her lead the way because she knew it so well. We rounded the cottage and were between the boat landing at which Cleo Canisno had docked that night she had come to the island to be a witness for Earnie's brother. The picture window that Julie mentioned was large enough to see the entire cottage living room almost as if it were a stage.

THE spectacle we beheld was entirely too melodramatic. Earnie Borman stood looking down at the peroxide blonde who had got me to Cleo's cottage. Tussig stood behind the girl. Earnie would speak. The girl would say nothing. Then Tussig would reach down casually and give the girl a friendly little pat on the cheek. Then the blonde would scream so loud that I could hear her through the plate glass window.

"Wait here," I told Julie. I went around to the front opened the door and walked inside. Tussig was just giving Kay O'Neill the little pat on the cheek again as I entered. From that place I could see why Kay let out another scream. Tussig must have held a razor blade between his fingers. The girl's right cheek was in shreds.

"I tell you I don't know!" the girl screamed. She tried to touch her bleeding face, but Tussig slapped her wrist down. She was almost hysterical.

"Break it up," I said.

Says Soviet Acts Depend on A-Bombs

Washington, Aug. 29 —(AP)— Winston Churchill was quoted as telling U. S. senators visiting in Europe recently that the world situation hinges on how many atomic bombs the Russians have.

Senator McMahon (D-Conn.) told of the discussion in closed-door testimony on a new foreign aid bill, made public today.

McMahon said Senator Green (D-R.I.) asked Churchill, wartime prime minister of England, "What he thought of the present outlook on Russia?"

Churchill thought around what seemed to be three minutes — probably 30 seconds — and puffed on his cigar," McMahon related, and then finally said:

"How many atomic bombs have they got?"

McMahon, who had said earlier in the testimony that the Russians have a "growing stockpile of atomic weapons," last night advocated that A-bombs be used against the Soviet if she makes Western Europe.

Appearing on the NBC television program, "Meet The Press," McMahon said in the event of Russian aggression this country should strike back with every available weapon in response to a question, he said that "certainly does" include atomic bombs.

"What are we making them for if not for use against people who try to tear down our civilization?" he asked.

McMahon, who is chairman of the senate-house atomic energy committee, gave an inconclusive answer when asked whether atomic bombs are available in Europe for use by Gen. Dwight D. Eisenhower's North Atlantic army.

"A stockpile of weapons is in position, I feel sure, to rebut the Russians if and when aggression should come," McMahon said.

"I feel sure our stockpile of weapons is ready — if and when needed. It is no secret that we have been experimenting at great length to bring into existence tactical weapons which promise so much as an offset to the mass troops of the Soviet Union."

Washington, Aug. 29 —(AP)— Senator Capehart (R-Ind.) accused President Truman today of having "hit below the belt" and of misrepresenting facts to try to make congress the scapegoat for high prices.

In a counter blast to Mr. Truman's denunciation of the new economic controls law, Capehart said the President himself let inflation get out of hand.

Capehart's statements, in a speech prepared for senate delivery, came as the senate banking committee planned to start hearings tomorrow on the President's demands for elimination of three "worst provisions" in the controls law which congress passed last month.

Before the committee is a bill to eliminate them. It was introduced by three Republican senators who said congress should grant the President's request and then hold him accountable to the nation if he fails to check inflation.

The bill would knock out of the law:

1. The so-called Capehart amendment permitting individual sellers to pass on to consumers all cost increases from the start of the Korean war to July 26, 1951.

2. A ban on price ceilings too low to allow any retail or wholesale seller the same percentage of profit earned before the start of the Korean war on each item he sells.

3. The existing prohibition on livestock slaughtering quotas.

The three Republican sponsors, Senator Ferguson (Mich.), Nixon (Calif.) and Welker (Idaho), said they would fight to make the three changes. Welker expressed this view:

"We believe the President sees these provisions as an excuse to blame congress for inflation, instead of keeping the blame himself where it belongs. If these provisions are removed, then the nation will know whom to blame."

Capehart took much the same position in his speech.

"One might well argue," he said, "that the congress might as well repeal them (the three provisions) because up to this moment I am thoroughly convinced the President will sabotage the price and wage control features of the defense production act unless he can write his own rules."

His speech, Capehart said, was a reply to a message to congress last Thursday in which Mr. Truman called the Capehart amendment an "economic boobytrap."

Capehart said the amendment was drawn by a senate-house subcommittee and "not by myself alone." He called it an equitable form of price rollback.

Chairman Maybank (D-SC) of the senate banking committee announced defense Mobilizer Charles Wilson and price Stabilizer Michael V. DiSalle would testify tomorrow on the three amendments. He said economic Stabilizer Eric Johnston will testify Friday and that hearings will then recess until Sept. 10.

VFW Seeking Removal of Acheson

New York, Aug. 29 —(AP)— A new resolution asking President Truman to replace Secretary of State Dean Acheson has been placed before the Veterans of Foreign Wars at their current 52nd national encampment.

The resolution is a carry-over from last year's encampment in Chicago, where the VFW asked Acheson's removal without using his name.

However, the new proposal, sponsored by delegations from California and Florida, names Acheson and says he "has lost the confidence of the people" while attempting to fulfill the heavy responsibilities of his office.

It calls upon the President to "accept the resignation of the secretary of state and replace him with one whose qualifications are sufficient to meet the mounting world crisis and who has the confidence of the American people."

The resolution may come to a vote today along with another urging Mr. Truman to act further in the case of Associated Press Correspondent William N. Outis imprisoned by Red Czechoslovakia on spy charges.

A three-hour parade down fifth avenue highlighted the VFW's activities last night. Gen. Douglas MacArthur reviewed the snarling marching units.

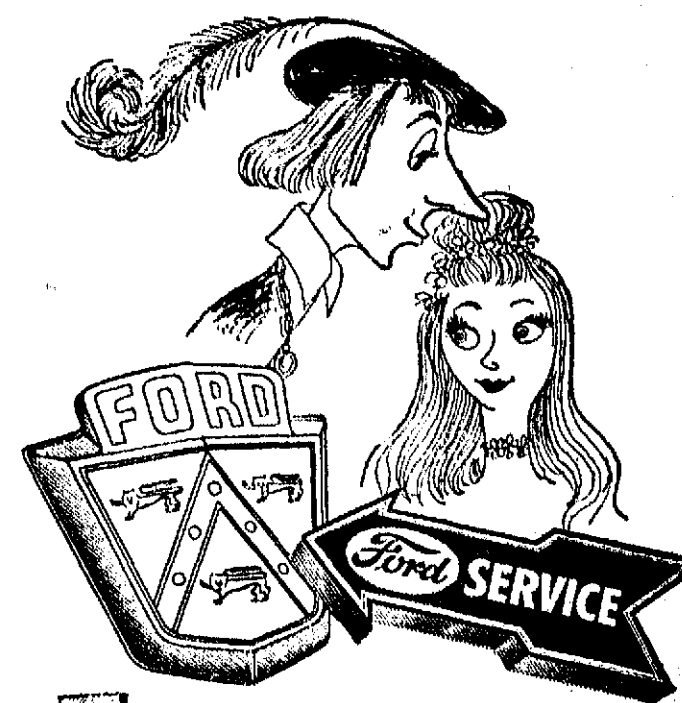

Police estimated that some 150,000 persons watched the 25,000 VFW delegates in the line of march.

Veterans of four wars participated. Some of the oldest traveled the route by auto. These included James C. Putnam, of Fayetteville, Ark., 44 the VFW's first commander-in-chief.

Charles G. Ralls of Seattle, the current commander was grand marshal of the parade.

There were bands and majorettes, drill teams and clowns,

like Romeo loved Juliet.....

Six Cadets Are Already Reinstated

Washington, Aug. 29. —(AP)— The bar association hearing was told today that "at least six" of the approximately 90 West Point Cadets accused of cheating had been restored to duty at the military academy.

The statement was made by Robert Daru, general counsel of the committee on justice of the New York civil and criminal courts bar association.

At West Point, a spokesman at the military academy refused to confirm Daru's statement. He said an investigation into the cheating scandal had not been completed.

Daru told the committee holding an open hearing on the dismissal of the cadets that he had learned "at least six men in the last day or two have been restored to duty. I cannot figure out the restoration of these men, except as a runner for the restoration of all these men."

The West Point spokesman said that 2 of the accused cadets had charges and papers in the cases left the academy. Of these, 73 have received administrative discharge of the remaining nine have been forwarded to assignment for final action. In case their separation becomes final, their papers will be forwarded to them at their homes.

The spokesman said that the academy authorities have taken a position from the first announcement of the cheating scandal that some of the accused cadets might possibly be exonerated.

Daru issued a preliminary report of his investigation early in the week in which he charged that the accused cadets had been subjected to "shockingly shameful treatment."

He told the hearing today that it was problematical whether a congressional hearing would be held. He promised to produce "a very large number of cadets to testify."

"I know the whole story and the whole story is shocking to me," Daru said.

Six former cadets were present to testify before the committee. They were Charles Norris Shira, 25, Hamlin, Tex., a tackle on the football team Donald Senich, 21, Cleveland, basketball center William Flick, 20, Arlington, Tex., defensive fullback Harrison Travis, 20, Atlantic Highlands, N. J., quarterback, swimmer and lacrosse player Peter Herman, 20, Rochester, N. Y., and Gerry Hart, 20, of Brooklyn, defensive guard.

Daru said none of the six at the hearing was reinstated.

Accompanying the cadets was Col. Harrison Travis, retired, father of Cadet Travis.

mate ones.

But the senate committee didn't take quite so sharp a slap at Acheson when they tackled the problem of who'd run the program. They did make it clear they don't want him as big boss.

They suggested:

1. The military end be handled by the defense department. That freezes Acheson out there.

2. The general economic aid be run by ECA. That freezes Acheson out there.

3. A very minor part of the economic aid — technical assistance which means sending American experts in farming, health and other things into backward countries to help them out — could be handled by Acheson's state department.

Says Truman Hit Below the Belt

Washington, Aug. 29 —(AP)— Senator Capehart (R-Ind.) accused President Truman today of having "hit below the belt" and of misrepresenting facts to try to make congress the scapegoat for high prices.

In a counter blast to Mr. Truman's denunciation of the new economic controls law, Capehart said the President himself let inflation get out of hand.

Capehart's statements, in a speech prepared for senate delivery, came as the senate banking committee planned to start hearings tomorrow on the President's demands for elimination of three "worst provisions" in the controls law which congress passed last month.

Before the committee is a bill to eliminate them. It was introduced by three Republican senators who said congress should grant the President's request and then hold him accountable to the nation if he fails to check inflation.

The bill would knock out of the law:

1. The so-called Capehart amendment permitting individual sellers to pass on to consumers all cost increases from the start of the Korean war to July 26, 1951.

2. A ban on price ceilings too low to allow any retail or wholesale seller the same percentage of profit earned before the start of the Korean war on each item he sells.

3. The existing prohibition on livestock slaughtering quotas.

The three Republican sponsors, Senator Ferguson (Mich.), Nixon (Calif.) and Welker (Idaho), said they would fight to make the three changes. Welker expressed this view:

"We believe the President sees these provisions as an excuse to blame congress for inflation, instead of keeping the blame himself where it belongs. If these provisions are removed, then the nation will know whom to blame."

Capehart took much the same position in his speech.

Senate Favors Modification of Measure

By KARL R. BAUMAN
Washington, Aug. 29 — (AP) — The Senate has passed a bill designed to clamp down on—but not shut off—U. S. aid to nations which ship strategic materials to Russia and her satellites.

Some Republicans complained it does not go far enough. One of them, Senator Dicken of Illinois, limited it would become a campaign issue in 1952. The bill had the support of the administration.

Dicken was among those who wanted to make it mandatory that American economic and arms aid be denied to any nation sending strategic materials to Red bloc a long.

The bill passed by the senate late yesterday by a vote of 55 to 16 now goes back to the house, where it originated. This step is necessary because the senate made some changes, none of major importance.

The measure provides for cutting off American aid to foreign countries exporting war materials to Russia and her satellites. Specifically mentioned are arms, ammunition, and implements of war, atomic energy materials, petroleum, transportation materials, and strategic significance used in the production of arms, ammunition and implements of war.

Although exceptions may be made by the national security council, economic aid is now barred to nations which make such shipments.

The new bill would extend the ban to military aid, but it would exempt the president to continue to aid countries which permit shipments of items other than arms and ammunition and a form of energy materials. Such aid could be continued when unusual circumstances indicate that the cessation of aid would clearly be detrimental to the security of the United States.

Some Republicans said that provisions means shipments of strategic materials can continue. Senator Smith (R-Mo.), who was among those demanding an iron clad, exception-proof law, that is mandatory on the president, said congress twice has approved of exceptionary laws which failed to do the job.

But the Republicans were not unanimous in their opposition. Division of them voted for final passage of the bill. Sixteen Republicans voted against passage.

In the final vote, the senate voted 44 to 27, favoring the measure. The bill now goes to the house for passage.

The bill also provides for the seizure of ship strategic materials.

AFA Elects New Officers

Little Rock Aug. 29 — (AP) — Election of board members of the Arkansas Farmers Association yesterday ended the organization's three-day convention.

Members of the board are: Harry Goforth, Fayetteville; Joe Reed, Springfield; Ralph Hudson, Harrison; R. E. Farquhar, Elmer Miller, Little Rock; Joe Hendrix, Grady; H. S. Barnett, Altheimer; Walter D. May, Marion; C. W. Sheldon, Ozark and Dana Reynolds, Gravelle.

All members of the association board were elected to the board of the Arkansas plant food company, a firm operated by the association. Also named to the company board were: R. E. Short, Brinkley; Noland Crawford, Arkadelphia; F. P. Blank, Parkdale and Harold Ordland.

Chinese Reds Continue Big Buildup

By GEORGE A. McARTHUR
U. S. 8th army headquarters, Korea, Aug. 29 — (AP) — Communist troops built up their strength along the Korean front today despite clearing weather which exposed them to allied air and artillery attack.

A sudden break in the rainy spell also brought on a jet battle along the Korean-Manchurian border.

Sixty Red and Allied jets swirled from 120 down to 12 miles above the earth in a bloodless dogfight. Red ground reinforcements were spotted moving up to the lines in the Iron triangle sector of the central front and east of the Kaesong neutral area on the western front. They moved in groups of 100 to 200.

Red assault troops rushed out in a series of pre-dawn attacks along the eastern front but pulled back to their own lines by daylight to escape the blasting fire of American artillery.

On the extreme eastern flank South Koreans attacked a Communist hill position west of Kaesong just before noon. The battle raged into mid-afternoon as the Reds rushed up reinforcements.

Only reported Red gain was north of Yangju, 27 miles to the north. The Communists overran a South Korean command post, forcing the United Nations unit to pull back after an intense pitched battle.

Another battle broke out in the Iron triangle, former Red Red assembly area. A strong U. N. patrol moved to within sight of Pyongyang, northern apex of the triangle.

The patrol fought two hours with Reds holding a hill overlooking the town. The Reds finally gave up after taking a heavy pounding from Allied artillery.

A brief clash flared on the west end front east of Kaesong, site of armistice talks which the Reds broke off last week.

Twenty U. S. Saboteurs tangled with about 40 Red naval Mig 15S along the Yalu river boundary in northwest Korea. The Reds broke off the fight before any hits were scored.

Eight B-29 Superforts from Japan rained capacity bomb loads by train from Manchuria to ferry on Reds unloading supplies brought across the rain swollen Chongchong river.

Shipping Tie-Up Brings Court Order

San Francisco, Aug. 29 (AP) — Threats of a bitter jurisdictional war sounded on West Coast waterfronts today in the wake of a court order that ended a brief shipping tie-up here.

Four men, one a policeman, were hospitalized yesterday in Los Angeles after AFL pickets appeared at one dock.

In San Francisco, AFL pickets tied up nine vessels and delayed the departure of the Orient-bound luxury liner President Wilson 1-2 hours.

AFL marine engineers withdrew the picket lines after a Supreme Court ruling for Judge Daniel R. Shoenberger issued a picket-banning order at the request of the Pacific maritime association. PMA represents shipowners.

Pickets left the Los Angeles docks after ship unloading ceased at 5 p.m. The PMA also sought a similar court order there where seven vessels were tied up.

The picketing began without warning yesterday morning. Union officials said it was in retaliation for the picketing in Alameda and Los Angeles of Ishman line ships by the rival CIO marine engineers.

Incident ocean, the detective said. She pleaded innocent to a charge of grand larceny and was released in \$5,000 bail.

Police said Mrs. Taylor, the mother of two small children, took the jewelry from the boudoir of Mrs. Welch who was away at the time. A bailer had admitted Mrs. Taylor to walk for her friend, police added.

Mrs. Taylor admitted she said some of the gems Aug. 17 to the Manhattan jeweler for \$450. Pinnell said. He added that she still had the uncashed check at her home.

Pinnell said he asked her why she had waited five months to sell the jewels, and she replied: "I needed the money at the time."

Then why didn't you cash the check, he asked.

The check was cashed.

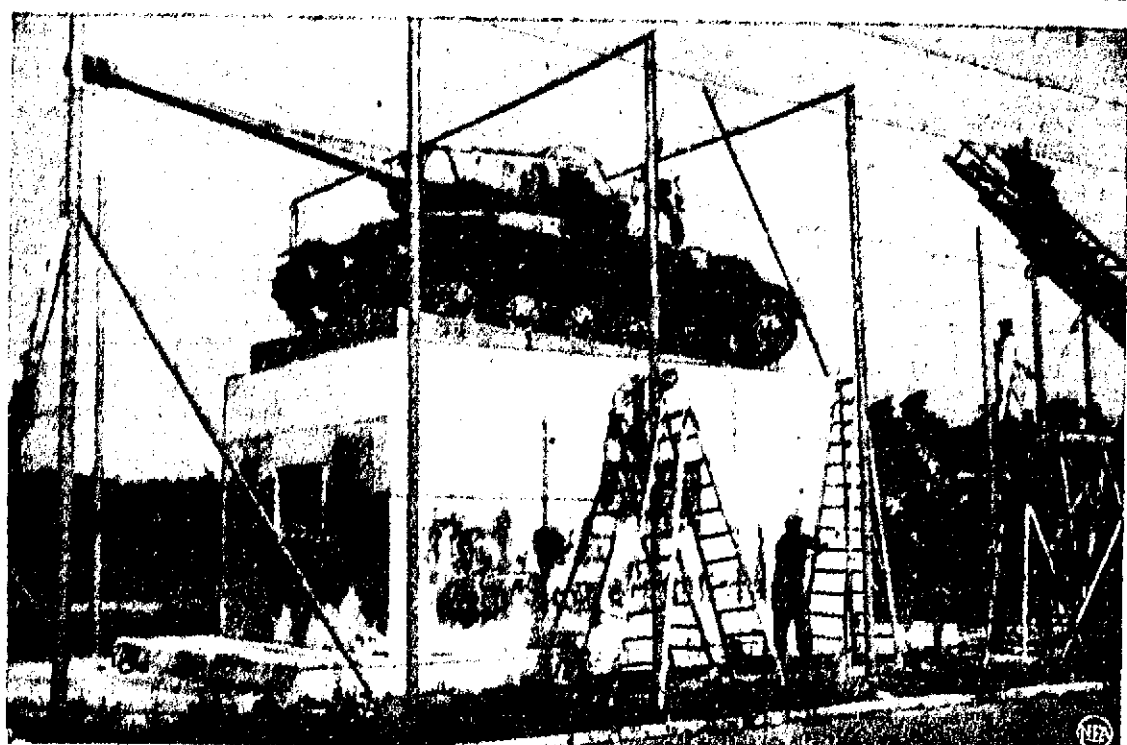

The check was cashed.

The check was cashed.

The check was cashed.

The check was cashed.

The check was cashed.

"OFFENSIVE" SOVIET MEMORIAL GETS A FENCE—American authorities in Berlin ordered an 18-foot wire fence built around this Soviet war memorial tank erected by the Reds soon after Berlin fell in what later became the American sector. The fence was ordered after late West Berliners tried to burn the monument, resulting in exchange of sharp notes between U. S. and Russian occupation authorities. The Reds rejected a police suggestion that the offending tank be removed.

Communist Leads Hawaii Labor Talks

Honolulu, Aug. 29 — (AP) — An accused Communist, free on \$3,000 bail today leads militant sugar workers in wage talks with the management of the territory's \$120,000,000-a-year sugar industry.

He is looking Jack W. Hall, War-commissioner leader of Hawaii's sugar and pineapple workers and longshoremen.

Hall, five other men and one woman were arrested yesterday in a dramatic series of FBI raids that carried the national roundup of suspected Communists into Hawaii.

All were charged with conspiring to advocate the violent overthrow of the U. S. government.

Hall, 39, is regional director of the International Longshoremen's and Warehousemen's Union, the outfit headed by Harry Bridges another accused communist.

Hall heads 18,500 sugar workers on 26 plantations in the Hawaiian Islands.

Others arrested: John Ernest Reinecke, 47, former territorial treasurer for the Communist party.

Dwight James Freeman, 39, Hawaiian party organizer.

Koji Ayayoshi, 37, editor of the Honolulu Record.

Charles K. Fujimoto 31, chairman of the Communist party of Hawaii.

Mrs. Eileen Toshiko Fujimoto, 31, his wife.

Jack D. Kimoto, 45 party chairman before World War II.

The FBI listed all but Freeman as members of the Communist espionage board for the islands.

The seven were freed on \$5000 bail each.

U. S. Commissioner Harry B. Stein first set bail at \$73,000, even Acting U. S. District Attorney Howard K. Huddick asked the high amount because, he said, eight Communist suspects elsewhere had jumped bail.

Federal Judge Delbert E. Metzger cut the bail, saying: "Bail was never intended as a punishment" before trial.

Hot Springs, Aug. 29 (AP) — A 41-year-old sawmill worker has been charged with assault with intent to kill in the shooting of a man and his daughter near Mount Ida, Ark., yesterday.

Being held in the Garland county jail for "safekeeping" is Rus H.

Boyd of Forester, Ark., who surrendered to Mrs. Wilbur Tidwell, wife of the Montgomery county sheriff yesterday.

Boyd was accused of the unhush shooting of Logan Vines, 33, and his 15-year-old daughter, Bernice. Neither was hurt critically.

Sheriff Tidwell said Vines and his daughter were shot while Vines was on route to his job at nearby Blakely dam. The sheriff said Boyd leaped from behind a bush and fired rifle slugs into the cab of Vines' truck.

Sheriff Tidwell said the shooting apparently was the aftermath of a family dispute. Vinnov is married to Boyd's former wife.

Boyd was charged with assault with intent to kill in the shooting of a man and his daughter near Mount Ida, Ark., yesterday.

More Hot Weather in Store for State

Little Rock, Aug. 29 — (AP) — Temperatures around 100 degrees were in store for Arkansas again today.

The capital city's Aug. 28 all-time high of 99 degrees was tied yesterday.

However, Little Rock's temperature was fifth from the top in the state yesterday. The highest reading was recorded at Arkadelphia where the mercury rose to a scorching 103 degrees. Dardanelle was second with 102. Fort Smith third with 101 and Pine Bluff fourth with 100.

The lowest reading reported to the weather bureau yesterday was 94 at Walnut Ridge. Coolest spot in the state last night was Batesville with 66 degrees. Hot spots in the state last night were Dardanelle, Little Rock and Texarkana, each with 76 degrees.

No immediate relief from the high temperatures is in sight. A few scattered thunderstorms are forecast for Thursday with cooler temperatures in the north position of the state.

Wake Up To More Comfort Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—red miserable, minor bladder irritations due to cold or wrong diet may cause getting up with frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Japs Free to Sign Treaty With China

Washington, Aug. 29 — (AP) — Secretary of State Acheson said today the new Japanese peace treaty will leave Japan free to sign later a separate treaty with Communist China.

Acheson said however, the treaty would prohibit Japan from entering a pact with any country which offers Japan more favorable terms than granted to other nations.

He declined to say whether the U. S. would oppose any agreement between an independent Japan and Red China.

Acheson told his regular weekly news conference that the state department had no indication that Russia's delegation will actually sign the treaty at the San Francisco conference next month.

There have been published predictions that Russia would — or would not — sign the treaty.

In another comment on treaty developments, Acheson told a reporter he did not think the United States was being too hastily in pressing for a treaty now even though the senate might not get around to ratification before next year.

Asked under what treaty terms Russia could be prevented from

with 101 and Pine Bluff fourth with 100.

The lowest reading reported to the weather bureau yesterday was 94 at Walnut Ridge. Coolest spot in the state last night was Batesville with 66 degrees. Hot spots in the state last night were Dardanelle, Little Rock and Texarkana, each with 76 degrees.

No immediate relief from the high temperatures is in sight. A few scattered thunderstorms are forecast for Thursday with cooler temperatures in the north position of the state.

Offers to Return \$2000 to Bank

Little Rock Aug. 29 — (AP) — An attorney said today Herbert Stokes, husband of a Hot Springs, Ark., bank teller charged with embezzling about \$95,000, had offered to return \$2000 to the bank.
